Wallpaper Book is our instrument par excellence dedicated to wallpaper samples. Technografica Italian Wallcoverings provides you with a selection of 25 subjects, selected among our most appreciated graphics and presented in an elegant binding.

Inside the Wallpaper Book, you will find each wallpaper sample together with the complete color variants and the 3D render of the single graphic.

Each sample is printed in a 42x30 cm format on a different type of wallpaper, therefore giving the opportunity to touch and feel the textures of all our available supports, which are the following:

**Special supports:**

- ECO support, non-woven fabric PVC-free coated.
- Metal support: vinyl wallcovering with silver foil (metallic effect).
- H2O support – A special waterproof wallpaper made of fiberglass, enabling the decoration of the most humid environments including the bathroom and the internal part of the showers.
